TREASURER'S REPORT

It is with pleasure that I present the 1976 Public Accounts of the Province of Ontario which review the finances of the Province for the fiscal year ended March 31, 1976.

The variety of financial information included in Public Accounts necessitates publication of three distinct volumes. To assist readers, the organization of the volumes and the basis of reporting is provided in a Guide to Public Accounts which appears on page 6 of Volume 1.

Comments or queries will be welcome and should be directed to the Treasury Division of the Ministry of Treasury, Economics and Intergovernmental Affairs.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1975-76 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 (to be issued at a later date) contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 (to be issued at a later date) contains the details of expenditures required by the Standing Committee on Public Accounts.

2. BASIS OF REPORTING

The financial statements of the Province of Ontario reflect the use of the "cash flow" principle of accounting. This method, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended, offers a precise measurement of government activity for a fiscal year. This, rather than the "accrual" principle, is utilized because of two fundamental characteristics of government reporting which set it apart from commercial practice.

The first characteristic is the constitutional principle which underlies the system. The Legislature votes sums of money to specified ministries for stated purposes. The Legislature provides for the required money by authorizing the government to levy taxes or to borrow. The accounts of the government therefore are a record of stewardship and reflect the accountability to the Legislature for the management and disposition of monies levied, entrusted and spent. The purpose of the public accounts in government is to explicitly display that stewardship as revenue flows into and expenditure flows out of the Consolidated Revenue Fund.

The second characteristic is that there is no direct commercial relationship between government revenues and government expenditures. This obviates the "matching" benefit provided by accrual accounting. Expenditures are incurred for the operation of a wide range of services which have been established by government policy. Taxation, the major source of revenues, is imposed on those parts of the economy best able to finance government programs and is also a fiscal policy instrument for the government, in terms of its incidence and in its relationship to expenditures.

The transactions of the Province of Ontario are presented in summary form according to the three distinct areas of government activity through the Consolidated Revenue Fund:

"Budgetary Transactions" are operational activities which include the revenues raised through taxation, premiums, fees, licences and permits, payments from the federal government under shared-cost programs, and income from investments. Expenditures on government programs include payments for goods and services, interest on the public debt, salaries, transfer payments to individuals, municipalities and institutions under various social programs, subsidies and grants and the acquisition or creation of fixed assets. Government assets are generally of lasting value and may tend even to appreciate over time; e.g. parkland, public works or the highway system. Their benefit to future taxpayers is not significantly different from expenditures on education or health care. For these reasons Provincial expenditures on fixed assets are treated as non-recoverable expenditures of each fiscal year. The extent to which revenue exceeds or falls short of expenditure directly decreases or increases the net debt.

"Non-Budgetary Transactions" are the lending, investment and trust administration functions which include, as distinct from expenditure, the government lending and investment activity in various crown corporations, agencies and municipalities. All of these loans and advances are repayable or represent equity holdings supported by the assets of the corporations. Also included in this category is the activity within deposit, trust and certain special purpose accounts, all of which bear directly on the Statement of Assets and Liabilities. "Disbursements" is the term used to describe the lending and investment transactions of the government. "Receipts" consist of the repayment of loans or recovery of investments. "Credits" is the term used to describe payments into deposit, trust and special purpose accounts. Payments made from these same accounts are termed "Charges".

"Debt Transactions" are the borrowing and repayment transactions which include obligations issued to both non-public and public sources of funds and are reflected directly in the Statement of Assets and Liabilities.

The Net Debt of the Province is the excess of liabilities over recorded assets. It is also the accumulation of all budgetary deficits less surpluses since confederation. Year-to-year changes in net debt are the amount by which revenues exceed or are less than budgetary expenditures.

With respect to the financial operations of provincial crown corporations, agencies, boards and commissions, the financial statements presented in this Report reflect (i) the year-end position of the advances to or the

investments in these entities which are made from the Consolidated Revenue Fund and (ii) the extent to which their operations have been financed from or have contributed to the Fund for the year.

3. A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Financial Statements of the Province

The financial statements of the Province and supporting information are contained in the first 56 pages of Volume 1 and have been arranged to present (a) the Statement of Consolidated Revenue Fund and the Statement of Assets and Liabilities, (b) schedules to the Statement of Consolidated Revenue Fund, (c) schedules to the Statement of Assets and Liabilities and, (d) miscellaneous statements.

(2) Ministry Statements

In addition to the financial statements and schedules provided in section (1) above, individual ministry reports of financial activity are provided in pages 57 to 463. Six separate statements are presented for each ministry.

(a) "Statement of Expenditure by Program"

This statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures.

Ministry totals for statutory appropriations, budgetary expenditures and disbursements and charges are also shown.

(b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program at the identical level of detail provided in the Expenditure Estimates where the funds were voted; i.e. on the basis of the Standard Accounts Classification within each activity as shown in the 1975-76 Expenditure Estimates.

The following is a brief outline of the types of budgetary expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary and unclassified staff. It also includes indemnities and allowances paid to Members of the Legislative Assembly, and foreign service and other special allowances paid to public servants.

Employee Benefits

Includes the Government's contribution as an employer to the Canada Pension Plan, the Public Service Superannuation Fund, the Unemployment Insurance Fund, the Workmen's Compensation Board, and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province. Also, included are relocation expenses of public servants who are transferred, expenses of moving office furniture and equipment, and costs of transportation of goods other than for initial delivery. Includes mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes charges for information services, such as, advertising provided by professional agencies, advertising placed directly with the media, and services for the production of departmental publications and films.

Also included are charges for the rental and the purchased repair and maintenance of machinery and equipment, buildings, land and engineering structures.

Includes charges for data processing services. Also included in this account are insurance premiums and other miscellaneous charges for special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment, both new and used. Also includes the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures. Also included in this account is the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies and allowances, etc., to persons, the business sector, non-commercial institutions and other governmental bodies.

Other Transactions

Includes several special transactions, such as, Ontario Development Corporation—Loan forgiveness and Guarantees and Municipal Taxes on A.R.D.A. owned property.

Statutory Appropriations and Disbursements and Charges are not Standard Accounts. Amounts required for Statutory Appropriations and Disbursements and Charges are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

(d) "Statement of Revenue".

This ministry statement reports the fiscal year revenues analyzed by the sixteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Receipts".

This statement reports the "receipts" which are the repayment of loans or recovery of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans, advances and investments made from the Consolidated Revenue Fund.

(f) "Statement of Credits".

This statement reports the "credits" which are payments into deposit, trust and special purpose accounts received by the ministry. Reporting by a ministry generally denotes responsibility for the related trust administration account.

I have examined the above Statement of Assets and Liabilities of the Province of Ontario as at March 31, 1976, the Statement of Consolidated Revenue Fund, the Statement of Revenue, the Statement of Budgetary Expenditure and the related financial statements appearing in Volume 1 of the Public Accounts for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Province as at March 31, 1976 and the results of its operations for the year then ended, and were prepared in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The generally accepted accounting principles are those relative to government accounting and are fully described under the heading of "Basis of Reporting" on pages 6-7 of Volume 1 of the Public Accounts.

In accordance with section 20 of The Audit Act, a report will be made to the Legislative Assembly.

F. N. Scott, C.A.,
Provincial Auditor.

Financial Statements of these Corporations, Boards and Commissions are shown in Volume 2 of the Public Accounts for 1975-76.

The Ontario Education Capital Aid Corporation was established in 1966 with the object of purchasing from municipalities debentures issued by them for school board undertakings. Interest paid on advances is equal to the net interest received by the Corporation from its investments.

The Ontario Universities Capital Aid Corporation was established in 1964 with the object of purchasing from colleges, universities, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities for public library purposes, debentures issued by them for approved capital construction projects. The advances bear interest and are repayable to the Province in the same amounts as the yearly instalments become due on the debentures purchased by the Corporation.

The Ontario Mortgage Corporation has as its object the provision of funds for first and second mortgages to purchasers of new dwellings. The terms of such mortgages include interest at a rate comparable to the rate charged by the Central Mortgage and Housing Corporation on direct loans, a maximum loan of 95% of the dwelling value and repayment periods of up to 35 years.

The Ontario Land Corporation, established in March 1975, employs advances from the Province to assemble land for new communities and industrial parks in Ontario. On March 26, 1975, the Corporation received advances of \$320 million to purchase land for the North Pickering, South Cayuga, Townsend and Edwardsburgh projects. The North Pickering land held by Ontario Housing Corporation was sold to the Ontario Land Corporation. The Ontario Housing Corporation in turn repaid \$193 million advances previously made from the Consolidated Revenue Fund for the North Pickering Community Development Project.

Ontario Housing Corporation, established in 1964, co-ordinates the development and management of residential accommodation in Ontario that is financed out of public funds. This balance is made up of advances of \$284,114,383 to December 31, 1975 as shown by the balance sheet of the Corporation and net advances of \$20,591,539 received from the Treasurer of Ontario between January 1, 1976 and March 31, 1976.

Ontario Student Housing Corporation was established in 1966 for the purpose of developing housing projects for students and their families.

The Ontario Energy Corporation was incorporated in 1975 to develop energy supplies for Ontario through investments, primarily in, but not limited to, Canada, in projects for the exploration, development and production of energy sources. Presently, priority will be accorded to development of natural gas, oil and coal sources. Ontario has a 5% equity investment in Syncrude Canada Ltd. for oil sands development in northern Alberta. Such investment is presently estimated to be a total of \$100 million over the next several years. The Corporation is participating in the Polar Gas Project to study the movement of natural gas from the Arctic to southern Canada.

Ontario Development Corporation was established in 1966 with the objects of encouraging and assisting in the development and diversification of industry in Ontario. This asset consists of an investment of \$7,000,000 in equity and advances of \$87,789,736. Of the Corporation's total loans outstanding at March 31, 1976, \$26,803,290 are forgivable performance loans.

Northern Ontario Development Corporation was established in 1971 with the objects of encouraging and assisting in the development and diversification of industry in Northern Ontario. The balance consists entirely of advances for the Corporation's loan programs of which \$3,384,095 are forgivable performance loans at March 31, 1976.

Eastern Ontario Development Corporation was established in 1974 with the objects of encouraging and assisting in the development and diversification of industry in Eastern Ontario. The balance consists entirely of advances for the Corporation's loan programs.

The Ontario Northland Transportation Commission operates a railroad and related services in the northern regions of the Province. Of the Province's total advance, \$30,207,935 is non-interest bearing.

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The Province has paid the cost of administration and the Corporation has applied its revenue to the payment of interest on borrowed funds and to the amortization of discount on debentures.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Liquor Control Board of Ontario was established to sell and control the sale of liquor in the Province of Ontario.

Urban Transportation Development Corporation Ltd. was incorporated under the laws of Canada on October 10, 1974. As at August 29, 1975 it acquired the net assets of The Ontario Transportation Development Corporation, an associated company, through the issue of 2,000,000 common shares of no par value to Her Majesty in right of the Province of Ontario. The Province is the only shareholder at the present time. The Province has transferred the \$6,000,000 investment in its books from The Ontario Transportation Development Corporation to Urban Transportation Development Corporation Ltd.

The investment in The Ontario Transportation Development Corporation is the cost of shares purchased by the Province.

The objective of the Algonquin Forestry Authority is to harvest Crown timber and to carry out such forestry and land management programs and projects as are of general advantage to Ontario.

The Crop Insurance Commission of Ontario was established in 1966 to administer plans of crop insurance and related activities in Ontario and generally to administer The Crop Insurance Act (Ontario).

The Ontario Lottery Corporation was established in 1975 and its objects are to develop, undertake, organize, conduct and manage lottery schemes in the Province. Net profits of the Corporation are available for the promotion and development of physical fitness, sports, recreational and cultural activities.

The Central Mortgage and Housing Corporation advances funds to the Province on an interim basis for a portion of the cost of waste control projects under construction. When a project is completed the advance is partially forgiven and the balance converted to a forty year serial debenture.

The Ontario Municipal Employees Retirement Fund deposits surplus funds with the Province and on December 31 each year receives a debenture for all funds deposited in the calendar year. The balance in "Advances Payable" represents deposits made between January 1 and March 31.

FIXED ASSETS

Government expenditures on fixed assets are not capitalized for the reasons given in the Basis of Reporting on page 6. They are carried on the government accounting records at the nominal value of one dollar.

INACTIVE ASSETS

The Province of Ontario has fully reserved inactive assets in the amount of \$4,350,546.

The Government of Canada Debt Account at \$2,848,290 is an amount on which the Government of Canada pays interest at 5% to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873.

The Common School Fund at \$1,502,256 represents Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The fund is derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The Government of Canada pays interest to the Provinces on the principal sum at the rate of 5% per annum, payable semi-annually, in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1971.

LONG-TERM LEASES

The Province has long-term lease commitments for accommodation amounting to \$237 million to 1999 and an additional \$12 million for years beyond 1999. The lease payments made in 1975-76 amounted to \$35 million.

ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Province is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

Program description:

This program consists of seven activities that provide for the regulation of financial and commercial affairs in order to maintain and strengthen a sound financial and commercial environment in designated areas for equitable exchanges of property and services. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to matters of licensing under various acts administered by the Ministry.

Program description:

This program consists of six operating activities, co-ordinated by the office of the Executive Director, which are responsible for minimizing risk inherent in designated environmental, technical and operational situations. This goal is accomplished through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil and the issuance of licences for the operation of elevators and pressure vessels. The Uniform Building Standards activity is seeking to establish, through several advisory committees, a system of uniform buildings and fire safety standards for the Province.

Program description:

The Industrial Incentives and Development Program provides technical, business and financial services and loans or the guarantee of loans to encourage and assist in the development and diversification of industry in Ontario. Term loans are made to secondary manufacturing operations, service industries in support of manufacturing, the tourist industry, for anti-pollution and abatement equipment, and for the encouragement of new exports. To provide incentive, in certain circumstances term loans are made under the Ontario Business Incentive Program and may allow for deferral of principal repayments, interest-free or low interest terms. The latter program replaces the Performance Loans previously available for the equalization of industrial opportunity in slow growth areas of the Province. Included in the Ontario Development Corporation are funds for the support services provided to the Northern Ontario Development Corporation and the Eastern Ontario Development Corporation.

A GUIDE TO PUBLIC ACCOUNTS

SCOPE OF THE PUBLIC ACCOUNTS

The 1975-76 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 contains the details of expenditure required by the Standing Committee on Public Accounts.

Summary of Significant Accounting Policies

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in Canada. The significant accounting policies are described below.

Fixed Assets

Fixed assets include power supply facilities (generation, transformation, transmission and distribution); administration and service facilities (land, buildings, office and service equipment); and heavy water production facilities.

The cost of additions and replacement of component units is capitalized. This cost includes direct material and labour, and overhead costs such as engineering, administration and procurement that are considered applicable to the capital construction program. Interest is capitalized on construction costs based on the preceding three-year average of the cost of long-term funds borrowed. This rate was 8.0% in 1975 and 7.5% in 1974.

In the case of nuclear generation facilities, cost includes the cost of heavy water purchased and produced. The cost of producing heavy water includes the direct costs of production, applicable overheads, interest, and depreciation of the heavy water production facilities.

For normal retirements, the cost of assets retired less salvage proceeds is charged to accumulated depreciation with no gain or loss being reflected in operations. For unusual or premature retirements, the gains or losses on assets retired are reflected in operations.

Depreciation

Since January 1, 1971, all additions to fixed assets and the net book value of thermal-electric generating stations in service at the end of 1970 have been depreciated using the straight-line method. All other assets in service at the end of 1970 continue to be depreciated on the sinking fund method. Depreciation rates for the various classes of assets are based on the estimated service lives, which are subject to periodic review. The service lives of major asset classes are:

Generation—Hydro-electric	50 to 100 years
Generation—Thermal-electric	30 years
Transmission and distribution	25 to 50 years
Heavy water production facilities	20 years

Nuclear agreement—Pickering units 1 & 2

Ontario Hydro, Atomic Energy of Canada Limited, and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested

in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments until the year 2001 to each of the parties in proportion to their capital contributions. These payments, termed "payback", represent in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

Appropriations from net income

Under the provisions of The Power Corporation Act, the price payable by customers for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies.

The debt retirement appropriation is the amount required under the Act to accumulate in 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for or withdrawal from the stabilization of rates and contingencies reserve is the amount required to stabilize the effect of abnormal cost fluctuations.

Foreign currency translation

Long-term debt payable in foreign currencies is translated to Canadian currency at rates of exchange at the time of issue. Current monetary assets and liabilities, including long-term debt payable within one year, are adjusted to Canadian currency at year-end rates of exchange. Exchange gains or losses are credited or charged to interest expense in the statement of operations.

Pension and Insurance Plan

The Pension and Insurance Plan is a contributory, benefit-based plan covering all regular employees of Ontario Hydro. The most recent actuarial valuation of the plan, at December 31, 1973, indicated an unfunded obligation of Ontario Hydro of approximately \$55 million. Of this amount, \$36 million representing an experience deficiency is being amortized over the years 1974 through 1978 and the balance of \$19 million representing the unfunded liability with respect to improved benefits is being amortized over the years 1974 through 1989.

The pension costs for each year include current service costs and the pro-rata share of the amount required to amortize the unfunded obligation.

Notes to financial statements

1. Extraordinary item

During 1975, in response to the Ontario Government's publicly expressed concern about capital availability, Ontario Hydro reviewed its capital construction program. On February 11, 1976 certain specific revisions to the long-term capital construction program were announced, involving the cancellation of Bruce Heavy Water Plant "C", the deferment of proposed new generating stations, and the postponement of completion of some generating stations currently under construction. Over the next ten years these revisions are expected to reduce planned expenditures by \$5.2 billion. The cancellation of the heavy water plant has resulted in an extraordinary charge of \$60 million against income to write off the cost of preliminary construction and materials, incurred during 1975, and to provide for the estimated costs of cancellation of contracts awarded for materials and equipment. (Construction of this heavy water plant had been estimated to cost \$562 million.) The provision for estimated costs of cancellation reflects the best current judgement of management, but may be subject to adjustment when the final amounts are known.

2. Interest

Interest costs consisted of:

	1975	1974
	\$'000	\$'000
Interest on bonds, notes, and other debt	459,866	362,145
Less:		
Interest capitalized	149,197	84,806
Interest on heavy water production facilities—charged to cost of heavy water	18,538	18,177
Interest earned on investments	34,049	32,111
Net gain on redemption of bonds and sale of investments	7,622	3,012
Foreign exchange (loss) gain on redemption and translation of foreign debt	(3,550)	629
	<u>205,856</u>	<u>138,735</u>
	<u>254,010</u>	<u>223,410</u>

3. Cash and short-term investments

	1975	1974
	\$'000	\$'000
Cash and short-term investments, with short-term investments recorded at cost (approximately market value), consisted of:		
Cash	8,814	7,938
Notes of, and interest bearing deposits with, banks and trust companies	108,016	35,011
Government and government-guaranteed bonds	22,597	27,140
Corporate bonds and notes	4,975	6,957
	<u>144,402</u>	<u>77,046</u>

4. Investments

These investments, with maturities beyond one year, are recorded at amortized cost and consisted of:

	1975	1974
	\$'000	\$'000
Government and government-guaranteed bonds	168,102	194,442
Corporate bonds and notes	18,797	34,268
	<u>186,899</u>	<u>228,710</u>

Market value of these investments at December 31, 1975 was \$161 million (1974—\$208 million).

5. Investment in coal supply

Ontario Hydro and United States Steel Corporation have entered into an agreement for the development of a coal mine owned by United States Steel Corporation for the supply of 90 million tons of coal to Ontario Hydro over a thirty-year period commencing in 1976. Ontario Hydro has agreed to advance up to \$48 million for mine development and equipment, to guarantee lease payments for mine equipment and rolling stock leased by United States Steel Corporation, and to make subsequent advances for a portion of the cost of equipment replacements. Advances and associated costs, such as interest, amounted to \$25 million to December 31, 1975. These advances and associated costs are to be amortized on a tonnage basis and included as part of the cost of the coal purchased under this agreement.

(1) All bonds and notes payable are guaranteed as to principal and interest by the Province of Ontario. Bonds and notes payable in U.S. dollars include \$2,282 million (1974—\$1,556 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario bonds sold in the United States on behalf of Ontario Hydro.

(2) Long-term bonds and notes payable in foreign currencies are translated to Canadian currency at rates of exchange at time of issue. If translated at year-end rates

of exchange, the total Canadian dollar liability would be increased (decreased) by a net of:

ONTARIO HYDRO

	1975	1974
	\$'000	\$'000
7. Other long-term debt		
Other long-term debt consisted of:		
(a) The balance due to Atomic Energy of Canada Limited for the purchase of Bruce Heavy Water Plant "A". Under the purchase agreement, Ontario Hydro pays equal monthly instalments of blended principal and interest to December 28, 1992, with interest at the rate of 7.795%	239,300	245,900
(b) Lease obligations assumed under the lease with Canada Crescent Corporation for the head office building at 700 University Avenue, Toronto. Effective October 1, 1975, the date of commencement of the lease, an amount of \$45 million (U.S. \$43.9 million) being the present value of the future rentals under the lease (excluding charges for taxes, utilities and maintenance), discounted at an interest rate of 8%, was capitalized as a fixed asset under "administration and service facilities". The lease term is for the 30-year period ending September 30, 2005, at which time ownership of the building may be acquired by Ontario Hydro for \$1	44,608	—
	<u>283,908</u>	<u>245,900</u>

Payments required on the above debt, exclusive of interest, will total \$44 million over the next five years. The amount payable within one year is \$7.5 million (1974—\$6.6 million).

8. Reclassification of 1974 comparative figures

In order to be consistent with the presentation adopted in 1975, an amount of \$13,103,000 previously included with operation, maintenance and administration expense in 1974 has been reclassified as depreciation.

9. Anti-Inflation program

Effective October 14, 1975 the Government of Canada passed the Anti-Inflation Act (Canada). Subsequently, the Province of Ontario entered into an agreement with the Federal Government whereby Ontario Hydro is subject to the guidelines under this Act only in the matter of employee compensation. Ontario Hydro's prices for electricity will continue to be reviewed by the Ontario Energy Board. It is not anticipated that the Anti-Inflation Act will have any material effect on the 1975 financial statements of the Corporation.

Auditors' Report

We have examined the statement of financial position of Ontario Hydro as at December 31, 1975 and the statements of operations, reserve for stabilization of rates and contingencies, equities accumulated through debt retirement appropriations, and changes in financial position for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1975 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to the Financial Statements
December 31, 1975

1. SIGNIFICANT ACCOUNTING POLICIES AND RELATED MATTERS

Investment in energy projects:

It is the Corporation's policy to capitalize all direct and indirect costs relative to its investments in energy projects. The investment in the Syncrude Project will be amortized using the unit-of-production method starting in the year in which the Project commences production. The investment in the Polar Gas Project will be treated in the manner explained in Note 3.

General administrative expenses:

The general administrative expenses of the Corporation have been paid by the Province of Ontario, the Corporation's shareholder.

2. SYNCRUDE PROJECT

On April 30, 1976, effective February 4, 1975, the Corporation became a 5% participant in the Syncrude Project, a joint venture for the extraction and processing of bituminous oil sands near Fort McMurray, Alberta. Accordingly, the Corporation became committed to contribute 5% of the costs of the Project and obtained a right to 5% of the net production from the Project.

From February 4, 1975 to April 30, 1976, the Corporation paid its 5% of Project disbursements directly to the oil company participants. As of April 30, 1976 the Corporation settled its equalization obligation amounting to \$5,063,199 representing its share of applicable Project disbursements prior to February 4, 1975.

As at December 31, 1975 the estimated total costs of the Syncrude Project prior to expected commencement of production in 1978 is \$2,112,500,000.

ONTARIO ENERGY CORPORATION

3. POLAR GAS PROJECT

On September 1, 1975, the Corporation became a participant in the Polar Gas Project to determine the feasibility of constructing and operating facilities for the transmission of natural gas, including the feasibility of building and operating a pipeline, from the Arctic Islands to southern Canada.

Cash is advanced for research costs when required. If all participants have not contributed equal amounts then those who are under-contributed make all advances until they equalize their contributions. As at December 31, 1975 the Corporation was under-contributed by \$1,570,996 which amount was contributed by May 1, 1976. Total Project research costs to December 31, 1975 aggregated \$24,949,544.

In the event a company is formed to build and operate transmission facilities each participant's investment is convertible into equity, debt, equity and debt or it may be repaid.

4. INCOME TAXES

The Corporation is not subject to income taxes so long as not less than 90% of its outstanding shares are held directly or indirectly by the Province of Ontario. All of the Corporation's outstanding shares are presently held by the Province of Ontario.

5. YEAR-END CHANGE

Subsequent to March 31, 1975 the Board of Directors of the Corporation resolved to change its year end to December 31 in order to conform with the year end of the Syncrude and Polar Gas Projects.

AUDITORS' REPORT

To the Shareholder of
Ontario Energy Corporation:

We have examined the balance sheet of Ontario Energy Corporation as at December 31, 1975 and the statements of earnings and retained earnings and changes in financial position for the nine months then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the corporation as at December 31, 1975 and the results of its operations and the changes in its financial position for the period then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

To the Shareholders of Ontario Mortgage Corporation

I have examined the balance sheet of Ontario Mortgage Corporation as at December 31, 1975, and the statement of earnings and retained earnings for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1975, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to Ontario Mortgage Corporation and to the Minister of Housing.

ONTARIO MORTGAGE CORPORATION

Notes to Financial Statements
December 31, 1975

1. INTEREST

(a) Adjustment of Prior Years Revenue

It was determined during 1975 that 1974 accrued interest, amounting to \$531,270, was not reported as 1974 revenue. Accordingly, the 1974 comparative figures have been restated to include this adjustment and the 1975 opening retained earnings figure, previously reported as \$320,366, has been restated.

(b) Losses Arising from Lending at Negative Interest Margins

In the provision of primary and secondary financing for moderate income families, the Corporation's interest lending rates are set by the Province of Ontario. Where lending rates are lower than the Corporation's borrowing rates, resulting losses arising from such lending at negative interest margins are provided for in provincial annual estimates. For the Corporation's fiscal year ended December 31, 1975, negative margin losses amounting to \$615,000 were recovered through the estimates process, and this amount has been included in reported interest revenue.

2. RECOVERY OF 1974 NET LOSS

Provision was made in the 1975-76 Province of Ontario estimates to reimburse the Corporation for an operating deficit for 1974-75 in the amount of \$1,570,000. Accordingly, the Corporation's loss for the year ended December 31, 1974 (as restated), amounting to \$609,068, was recovered from the Treasurer of Ontario during the current year.

3. MORTGAGE CONTINGENCY FUND

The outstanding balances of mortgages as at December 31, 1975, and 1974, for which a contingency provision is maintained, are \$454,604,332 and \$285,458,607, respectively.

On March 4, 1975, Management Board of Cabinet approved the transfer of assets and liabilities relating to Ontario Mortgage Corporation mortgages, from the Ontario Housing Corporation Mortgage Guarantee Fund to a similar fund in the name of Ontario Mortgage Corporation, to be carried by the latter Corporation as a provision for contingencies.

Amounts for the year 1975, reported on Schedule I, cover the full calendar year 1975. Comparative amounts shown for 1974 relate to Ontario Mortgage Corporation mortgages only. These amounts were previously included as part of Schedule I, to Ontario Housing Corporation financial statements for the year ended December 31, 1974.

4. SUPPLIES AND EQUIPMENT

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

5. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

The aggregate direct remuneration for the seven directors and two senior officers, for the year ended December 31, 1975 was \$57,683.

6. CHANGE OF YEAR END

In accordance with a Board of Directors resolution, dated March 4, 1976, a By-law was enacted changing the year end date of the Corporation to March 31.

7. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

 Director

To the Shareholders of Ontario Mortgage Corporation

I have examined the balance sheet of Ontario Mortgage Corporation as at March 31, 1976, and the statement of earnings and retained earnings for the three months ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at March 31, 1976, and the results of its operations for the three months then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to Ontario Mortgage Corporation and to the Minister of Housing.

ONTARIO HOUSING CORPORATION

Notes to Financial Statements
December 31, 1975

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1975 presentation.

2. ACCOUNTING POLICIES

(a) Other Assets

Appliances valued at \$19,307 were in storage as at December 31, 1975, and are included in other assets. These appliances will be charged to property operating expenses at the time they are removed from storage and utilized in specific rental housing properties.

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

(b) Rental Housing Properties, At Cost,
Less Accumulated Amortization

Land and building costs are amortized over the term of the corresponding indebtedness. The amortization charges consist of the following:

	1975	1974
Principal repayments	\$ 2,842,772	\$ 2,812,462
Carrying charges	66,016,590	56,448,267
Total amortization	\$ 68,859,362	\$ 59,260,729

(c) Deferred Income

Deferred income is made up as follows:

	1975	1974
Unrealized gain from sale of real property	\$ 7,058,312	\$ 1,283,303
Other	128,225	135,669
	\$ 7,186,537	\$ 1,418,972

The unrealized gain from the sale of real property arises from marketing transactions secured by mortgages receivable. The unrealized portion is taken into income as principal is repaid.

(d) Capitalization of Costs

Carrying charges, consisting principally of interest and grants in lieu of municipal taxes attributable to properties under development, are capitalized as part of the cost thereof.

(e) Administration and Management Fees

Management fees relating to the operation of Ontario Student Housing Corporation in the amount of \$25,000 are included in the reported total in accordance with an agreement between the two Corporations.

(f) Administration Expenses

In prior years, Ontario Housing Corporation was compensated for rental housing management and administrative services on the basis of a per unit per month fee that included management agents' and housing authorities' charges. Effective January 1, 1975, by mutual agreement between Ontario Housing Corporation and Central Mortgage and Housing Corporation, all rental housing management and administrative services that could be distributed to specific rental housing projects were so charged. Similarly, the cost of Ontario Housing Corporation administrative services that could not be distributed by project were determined by formula, mutually acceptable to the two Corporations, and charged to rental housing property operating expenses.

3. INVESTMENT IN PROPERTIES UNDER DEVELOPMENT

Properties amounting to approximately \$181,000,000 registered in the name of Her Majesty The Queen In Right Of The Province of Ontario were transferred to the Ontario Land Corporation on March 31, 1975.

4. LOSS ON PROVINCIAL HOUSING OPERATIONS

Provincial housing properties are those that are developed and administered by the Ontario Housing Corporation. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and two hundred and seven municipalities.

ONTARIO HOUSING CORPORATION

5. RENT SUPPLEMENT PAYMENTS TO LANDLORDS

Under its rent supplement program, the Corporation provides rent-geared-to-income accommodation within the private sector to applicants from its waiting list. The cost of this program is shared with Central Mortgage and Housing Corporation and thirty-four municipalities. As at December 31, 1975, there were 4,497 such units under contract throughout the province.

6. FEDERAL-PROVINCIAL HOUSING PROPERTY LOSSES

Federal-Provincial housing properties are developed by Central Mortgage and Housing Corporation and administered by forty-one housing authorities throughout the province. Separate financial statements covering the property management activities of these authorities reflect gross income and expenditures, the net of which is shareable by Central Mortgage and Housing Corporation, Ontario Housing Corporation and, in some instances, by the municipalities. The loss reported in the Statement of Operations represents Ontario Housing Corporation's share only.

7. MORTGAGE GUARANTEE RESERVE

The outstanding balance of approved lenders' mortgages guaranteed as at December 31 was \$63,952,938 in 1975 (\$70,261,612 in 1974).

On March 4, 1975, Management Board of Cabinet approved the transfer of assets and liabilities relating to Ontario Mortgage Corporation mortgages, from the Ontario Housing Corporation Mortgage Guarantee Fund to a similar fund in the name of Ontario Mortgage Corporation, to be carried by the latter Corporation as a provision for contingencies.

Amounts for the year 1975, reported on Schedule 1, cover the full calendar year for activity related to approved lenders' loans only. Similarly, comparative amounts shown for 1974 relate to approved lenders only. Ontario Mortgage Corporation balances previously included as part of Schedule 1 are now reported on the Mortgage Contingency Fund, Schedule 1 of the financial statements for the year ended December 31, 1975 for that Corporation.

8. PROPERTY DAMAGE RESERVE

The reserve is intended to cover repair costs relating to minor damage by fire, wind, water and vandalism.

9. CONTINGENCY

In June 1967, the Ontario Government passed The Condominium Act. The initial response to this new housing legislation from the private sector was limited which prompted Ontario Housing Corporation to embark upon an active program, through Ontario Mortgage Corporation, of financing condominium development. Participation in the financing of more than 14,000 condominium dwellings was undertaken. As an incentive for several of the earlier projects, including Chapel Glen, Flemingdon Woods and Crescent Town, comprising more than 4,000 units, Ontario Housing Corporation provided financial guarantees. The contracts for these latter three developments in Metropolitan Toronto included clauses whereby Ontario Housing Corporation agreed to purchase any units remaining unsold six months after substantial completion. Due to a slower than expected public acceptance of high-rise condominiums, Ontario Housing Corporation, under the agreements, became liable during 1972 to purchase the unsold units at these three locations. By mutual agreement with the construction companies, the Corporation's liability with respect to the purchase of the unsold units was deferred in exchange for a corresponding deferment of the companies' liability for interest on construction advances.

Although the construction advances referred to are carried as assets by Ontario Mortgage Corporation, Ontario Housing Corporation is financially responsible for any settlement with the construction companies that may be negotiated under the contract clauses described above. As at December 31, 1975, accrued interest on advances in question amounted to \$10,715,814 and such interest has been included as income in the accounts of Ontario Mortgage Corporation.

On February 10, 1976, Ontario Housing Corporation was authorized to write off accrued interest for the Crescent Town project and in turn the construction company released the Corporation from any liability under the buy-back clause. The interest write off amounted to \$3,955,560. The Ontario Mortgage Corporation was reimbursed on March 26, 1976. As at December 31, 1975, the outstanding contingency for the two remaining projects, Chapel Glen and Flemingdon Woods amounts to \$6,760,254.

10. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

On behalf of the Board:

Chairman.

Vice-Chairman.
To Ontario Student Housing Corporation and
to the Minister of Housing for the Province of Ontario.

I have examined the balance sheet of Ontario Student Housing Corporation as at December 31, 1975, and the statements of operations and operating funds from Ontario Housing Corporation for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at December 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made in accordance with section 17 of Order in Council 3417/66 under which the Ontario Student Housing Corporation was constituted.

ONTARIO STUDENT HOUSING CORPORATION

Notes to Financial Statements
December 31, 1975

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1975 presentation.

2. ACCOUNTING POLICIES

(a) Deferred Income

The deferred income account as at the statement date is the unearned portion of gain from sale of real estate.

(b) Administration Fee

Ontario Housing Corporation provides administrative services to Ontario Student Housing Corporation and charges the cost of these services to the latter Corporation. The fee agreed upon between the two Corporations was \$25,000 for the year ended December 31, 1975.

3. SECURITIES

A student housing residence located on land owned by Queen's University at Kingston was sold to the University on December 31, 1973. Amounts owing to the University pertaining to assets of reserve funds for capital repair and painting existing as at the date of sale were paid to the University during 1974. Securities registered in the name of the Corporation and forming part of these reserve funds were liquidated in April 1975.

4. RENTAL HOUSING PROPERTIES ON LEASED LAND, AT COST

The cost of student housing accommodation constructed on land leased from universities and colleges is being repaid to the Corporation over the duration of the leases. When costs are fully repaid the buildings will become the property of the various universities or colleges. Rental and maintenance activities on twenty-two such properties are administered by eleven universities or colleges in eleven municipalities throughout Ontario.

5. RENTAL HOUSING PROPERTY, AT COST

This property is located in Toronto to provide housing for University of Toronto students. The property is managed by a trust company on behalf of the Corporation and net operating costs related to the land and building are recoverable from the University of Toronto. Land and building costs are being amortized over the duration of the corresponding indebtedness.

ONTARIO LAND CORPORATION

Notes to Financial Statements
March 31, 1976

1. BASIS OF OPERATIONS

The Ontario Land Corporation is an Ontario Crown Corporation created without share capital by the Ontario Land Corporation Act, 1974.

The Corporation was created to assist in the promotion of community and industrial development of land in Ontario by the acquisition of land and the disposal of it to persons in the private and government sectors for residential, community, industrial, governmental and commercial development.

The operations of the Corporation are carried on by ministries of the Province of Ontario under Management Agreements. These agreements specify among other items that the ministries will not be reimbursed by the Corporation for administrative costs incurred in the rendering of services to the Corporation.

2. ACCOUNTING POLICIES

The Corporation uses the following accounting policies to account for its inventory of land:

- (a) All lands held by the Corporation at this time are considered to be undeveloped lands. Considerable amounts of the lands have been leased, principally for agricultural purposes. However, these lands are to be transferred to various Development Corporations once planning for the ultimate use of these properties has been completed.
- (b) Generally accepted accounting policies require that all costs connected with the acquisition of properties and the obtaining of a good and clear title to that property form part of the capital cost. These costs include such items as legal fees and commissions. Similarly carrying costs on land held for development or resale should be capitalized. This would include such costs as interest, realty taxes and certain administrative expenses. As well, revenues received on these undeveloped lands are credited to the cost of the properties. The Corporation is presently following the above policies to account for the undeveloped property owned by it.
- (c) For the land assemblies referred to in note 3, only the North Pickering Assembly has been completed to the point whereby a reasonably detailed recommended plan has been developed for the use of the lands included in that Assembly.

While the recommended plan has not been approved by the government or any municipal jurisdiction it provides for lands to be used for agricultural, hamlet, open space and townsite purposes. Rather than allocating carrying costs to the developable properties (townsite) in some greater proportion than the non-developable properties (agricultural, hamlet and open space) in order to capitalize greater carrying costs to those properties which are more likely to increase in value due to their ultimate usage, the Corporation is following the practice of capitalizing carrying costs to all properties forming part of the North Pickering Assembly on a pro-rata basis regardless of the properties possible ultimate use. While not in accordance with the practices that would normally be used in the private sector once there is an approved development plan, this practice should have no significant effect on the financial position of the Corporation since the government's policy is that all the lands owned by the Corporation in North Pickering will be transferred to other Ontario governmental bodies at the values they are carried at in the Ontario Land Corporation's records.

- (d) As no recommended plans have yet been developed for the Townsend, South Cayuga and Edwardsburgh land assemblies, carrying costs have been allocated to all properties in these assemblies on a pro-rata basis.
- (e) As all the properties held by the Corporation are considered to be undeveloped properties, all costs and revenues have been recorded as part of the cost of land and no income statement is included in these financial statements.

3. PROPERTY INTERESTS

(a) Property assemblies

	March 31, 1976	March 31, 1975
North Pickering	\$214,365,809	\$181,053,872
Townsend	33,580,561	30,117,050
South Cayuga	28,253,765	26,072,579
Edwardsburgh	7,784,118	
	<u>\$283,984,253</u>	<u>\$237,243,501</u>

ONTARIO LAND CORPORATION

- (b) Carrying costs have been capitalized from date of acquisition by the Corporation to March 31, 1976 for each land assembly as follows:

North Pickering.....	\$17,173,503
Townsend.....	2,601,689
South Cayuga.....	2,234,786
Edwardsburgh.....	515,199
	<u>\$22,525,177</u>

- (c) The North Pickering Development Corporation was incorporated on July 30, 1975. This Corporation is to be responsible for development activities for the North Pickering Lands and it is anticipated that the lands in the North Pickering Assembly will be conveyed to it or other government bodies in the near future.
- (d) Property interests include payments totalling approximately \$53,850,000 made towards properties under expropriation proceedings. Although these properties are owned by the Corporation at March 31, 1976 their ultimate cost is dependent on the results of these proceedings.
- (e) The Corporation plans to spend approximately \$14,500,000 during its 1976-77 fiscal year towards the completion of its existing property assemblies. This amount does not include the additional property costs, if any, which may arise from the present review being carried out in response to questions raised by the Ontario Ombudsman.

The above notes are not secured nor are they negotiable, transferable or assignable. The notes are redeemable, in whole or in part, at any time at the option of the Corporation. Interest on the above notes is payable semi-annually.

To the Board of Directors of the Ontario Land Corporation and
to the Treasurer of Ontario and Minister of Economics and
Intergovernmental Affairs.

Under my direction, the balance sheet of Ontario Land Corporation as at March 31, 1976 and the statement of property interests for the year then ended have been examined. The examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as were considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at March 31, 1976 and the changes in its property interests for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

In accordance with section 29 of The Ontario Land Corporation Act, 1974, a report on the audit has been made to the Corporation and to the Minister.

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1976

1. ACCOUNTING POLICIES

(a) Loans receivable.

The amount shown for term loans includes interest due and accrued.

(b) Loans Receivable re Northern Ontario Development Corporation
Loans Receivable re Eastern Ontario Development Corporation

Loans are disbursed by these Corporations under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable by this Corporation, and also, as payable to Northern Ontario Development Corporation and to Eastern Ontario Development Corporation.

Provision for doubtful accounts excludes the provision relative to term loans administered by Ontario Development Corporation for the above two Corporations. The amount of such provision relative to these term loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such term loans.

Performance loan forgiveness excludes the forgiveness relative to performance loans administered by Ontario Development Corporation for the above two Corporations. The amount of such forgiveness relative to these performance loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such performance loans.

(c) Serviced land at Sheridan Park, at cost

The original cost as well as the cost of improvements have been apportioned on a per acre basis, and the resultant per acre cost is used in determining the cost of sales of this land.

(d) Fixed assets and depreciation

Fixed assets are stated at acquisition cost and consist of:

	1976		1975	
	Cost \$	Accumulated Depreciation \$	Cost \$	Accumulated Depreciation \$
Land	341,514	—	342,514	—
Building and Improvements	5,185,297	2,039,990	4,665,767	1,583,310
Equipment	238,859	182,863	201,186	135,657
	5,765,670	2,222,853	5,209,467	1,718,967
	2,222,853		1,718,967	
	3,542,817		3,490,500	

Generally, depreciation is provided on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment.

Equipment purchases for head and district office administration are charged to expense in the year of acquisition.

(e) Expenses

Expenses totalling \$14,998,978 are reflected on a cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses include certain administrative costs incurred on behalf of Northern Ontario Development Corporation and Eastern Ontario Development Corporation.

Pursuant to Management Board of Cabinet approval, the above expenses include an amount of \$4,000,000 in respect of term loans written off. Additionally, provision has been made in the Province of Ontario estimates for the 1976-77 fiscal year for such write-offs, and similar losses for future years will be submitted as part of the annual estimates process.

ONTARIO DEVELOPMENT CORPORATION**2. ADJUSTMENT OF PRIOR YEARS' INCOME**

Owing to incorrect steam flow meter readings an industrial tenant was overcharged \$114,728, and income for the period from April 1, 1972 to March 31, 1975 was overstated by this amount. Accordingly, the deficit has been restated to show a retroactive charge of \$114,728, of which \$72,064 is applicable to the 1974-75 fiscal year and has been charged to income of that year with the balance of \$42,664 charged to the previously reported surplus at April 1, 1974 since it applies to years prior to that date.

3. CONTINGENT LIABILITIES

As at March 31, 1976 contingent liabilities in the form of guaranteed bank loans amount to \$12,414,099 (1975—\$11,987,826).

4. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1976 presentation.

5. ANTI-INFLATION LEGISLATION

I have examined the balance sheet of Northern Ontario Development Corporation as at March 31, 1976, and the statements of operations and deficit for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at March 31, 1976 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 24 of The Development Corporations Act, 1973, a report on the audit has been made to the Corporation and to the Minister.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1976

1. ACCOUNTING POLICIES

(a) Due from Ontario Development Corporation

Loans are disbursed by the Corporation under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable from Ontario Development Corporation.

The amount of the provision for doubtful accounts relative to term loans included above is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation. The amount shown for term loans includes interest due and accrued.

The amount of any forgiveness relative to performance loans included above is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

(b) Expenses

Expenses totalling \$5,730,724 are reflected on a cash basis, and have been paid out of moneys appropriated therefore by the Legislature. These expenses do not include certain administrative expenses absorbed by Ontario Development Corporation.

Equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

Provision has been made in the Province of Ontario estimates for the 1976-77 fiscal year for term loan write-offs, and similar losses for future years will be submitted as part of the annual estimates process.

(c) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

2. INVESTMENT

This investment represented disbursements made pursuant to Order in Council 105/74 to acquire ownership of Minaki Lodge Resort Ltd. (and affiliated company, Minaki Development Company Limited), and to discharge the liabilities, and otherwise improve and operate Minaki Lodge Resort Ltd. Such disbursements, which had accumulated to \$5,000,000 were written off pursuant to Management Board of Cabinet approval, authorizing the provision of a like amount to the Corporation for this purpose.

The reported losses of these wholly-owned subsidiaries for the year ended September 30, 1975 amounted to \$293,640. The deficits of these two companies as at September 30, 1975 were reported at \$1,615,698.

Decreases in Northern Ontario Development Corporation's equity in these two companies, as the result of losses reported by these companies since acquisition of the shares, have not been reflected in the Corporation's accounts.

3. LOANS TO SUBSIDIARY COMPANY

Performance loans, subject to forgiveness, and term loans include amounts of \$452,000 and \$15,000 respectively, advanced to (and representing the investment in) Thunder Bay Ski Jumps Limited, a wholly-owned subsidiary. The reported loss for this subsidiary for the year ended March 31, 1976 amounted to \$62,729 and the reported deficit at that date was \$84,491.

The decrease in Northern Ontario Development Corporation's equity in this company, as the result of losses reported by it since acquisition of its shares, has not been reflected in the Corporation's accounts.

4. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

AUDITOR'S REPORT

To the Ontario Northland Transportation Commission and
to the Minister of Transportation and Communications.

I have examined the consolidated balance sheet of the Ontario Northland Transportation Commission and its subsidiaries as at December 31, 1975, and the consolidated statements of income, retained income, contributed surplus and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these consolidated financial statements present fairly the financial position of the Commission and its subsidiaries as at December 31, 1975, and the results of their operations and the changes in their financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Ontario Northland Transportation Commission

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 1975

1. Accounting Policies*(a) Basis of consolidation*

The consolidated financial statements include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited and The Owen Sound Transportation Company, Limited.

(b) Materials and supplies

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(c) Franchises

Franchises consist of the following:

	1975	1974
	\$	\$
Bus and truck franchises	400,439	400,439
Excess of cost of investment in subsidiaries over the book value of the underlying net assets at dates of acquisition	468,994	468,994
	<u>869,433</u>	<u>869,433</u>

In the opinion of management there is no indication of a decline in value of the above items and accordingly they are not being amortized.

(d) Investment in property and depreciation

Fixed assets are stated at acquisition cost with the exception of the Commission's office furniture and equipment, which is charged to operations in the year of purchase. With the exception of highway equipment, depreciation is primarily provided on a straight-line basis based upon the estimated service lives of depreciable property. Highway equipment is depreciated on the diminishing balance basis based upon the estimated service life of the equipment. Except for uncompleted projects, for which no depreciation is provided, depreciation generally is based on asset balances at the beginning of the year. For railway and telecommunication properties, the rates used are as authorized by the Canadian Transport Commission. The estimated service lives used for principal categories of assets are as follows:

Road—main line and branches	20 to 200 years
Railway diesel locomotives	25 years
Railway freight cars	33 years
Vessel	33 years
Aircraft	10 years

Three aircraft and the vessel M.S. Chi-Cheemaun, originally acquired and owned by the Ontario Ministry of Transportation and Communications were transferred to the Commission and The Owen Sound Transportation Company, Limited, respectively, during 1975. Accordingly, these fixed assets have been recorded at their original cost as incurred by the Ministry together with offsetting credits to Contributed Surplus. Depreciation thereon is recorded as a reduction to Contributed Surplus.

(e) Income taxes

As Crown Corporations of the Province of Ontario, the Commission and its wholly-owned subsidiaries are exempt from income taxes and accordingly no provision is reflected in operations.

(f) Self-insurance

The Commission and its wholly-owned subsidiary, Star Transfer Limited, follow the policy of self-insuring for damage from train derailments and motor vehicle collisions respectively.

2. Accounts Receivable

Accounts receivable include subsidies receivable from the Province of Ontario amounting to \$2,220,918 (1974: \$1,116,921).

3. Contributory Pension Fund

As at December 31, 1975, based on the latest actuarial reviews, less payments, the remaining unfunded liability of the Commission and its wholly-owned subsidiaries under the Commission's Contributory Pension Fund

totals \$27,532,003. Of this amount \$19,443,107 represents the initial unfunded liability as of January 1, 1965; the balance of \$8,088,896 represents the outstanding amount of unfunded liabilities created subsequent to January 1, 1965.

The Commission and its subsidiaries are making payments of interest and principal under The Pension Benefits Act. These payments have the effect of:

- preventing an increase in the initial unfunded liability;
- liquidating the balance of the unfunded liabilities over a period ending substantially December 31, 1989.

4. Comparative Figures

The 1974 comparative figures for The Owen Sound Transportation Company, Limited used in the preparation of these consolidated financial statements are based upon financial statements which were reported on by other auditors.

5. Subsequent Event

Subsequent to December 31, 1975 the Commission obtained the approval of the Lieutenant Governor in Council for the transfer of its power line to Ontario Hydro. The Commission will be reimbursed by the Ontario Ministry of Natural Resources for all costs incurred by the Commission in the construction of the power line, subject to the approval of the Province of Ontario 1976-77 Expenditure Estimates by the Legislative Assembly.

6. Anti-inflation Legislation

The Commission and its wholly-owned subsidiaries are subject to controls on prices, profits and compensation instituted by the Federal Government in the Anti-Inflation Act effective October 14, 1975.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION

Notes to Financial Statements
for the Four Months ended December 31, 1975

1. ACCOUNTING POLICIES

(a) Inventories

Inventories are valued at the lower of actual cost by specific identification and net realizable value.

These comprise:

	\$
Parts	180,608
Work in process	435,435
	<u>616,043</u>

(b) Deferred production expenses and revenue

Revenues and expenditures on long-term contracts are deferred until such times as deliveries are made.

(c) Depreciation and amortization

Fixed assets

Moulds are being depreciated over the term of a related royalty agreement, or their useful life. Automotive vehicles and furniture and equipment are being depreciated by the declining balance method, at rates of 30% and 20% respectively.

Leasehold improvements are being amortized over the period of the lease agreement.

Demonstration models are being amortized over the estimated period of benefit.

Mould design and prototype vehicle costs

It is the intention of the corporation to amortize these costs over their estimated period of benefit commencing with significant commercial useage thereof.

(d) Deferred development costs

All significant expenditures which can be identified with specific projects, including allocated selling, general and administrative costs, are deferred. Because of operating losses incurred on the small bus program, only development expenditures and the related portion of selling, general and administrative costs are being deferred.

It is the corporation's intention to amortize these costs over their estimated period of benefit commencing with significant commercial useage of the related products.

The deferred costs comprise:

Program	Selling general and administrative \$	Other costs \$	Total \$
Small bus	99,528	186,362	285,890
Light rail vehicle	527,939	1,179,126	1,707,065

	<u>972,757</u>	<u>3,925,098</u>	<u>4,897,855</u>

(e) Contributed surplus

A shareholder has agreed to reimburse the corporation for development costs related to the ICTS program. The corporation has deferred these development costs and treated the reimbursement thereof as contributed surplus.

2. CAPITAL STOCK

The company was incorporated on October 10, 1974. As at August 29, 1975 it acquired the net assets of The Ontario Transportation Development Corporation, an associated company, through the issue of 2,000,000 common shares of no par value. Because no change in beneficial ownership occurred, the net assets received have been recorded in the accounts of the company at their individual net book values in the accounts of the

URBAN TRANSPORTATION DEVELOPMENT CORPORATION

associated company. The amount of \$6,278,057 ascribed herein to the shares issued represents the total of such net book values less liabilities assumed. The assets and liabilities transferred are as follows:

ASSETS

Current assets	5,924,411
Deferred production expense	1,615,069
Mortgage due from an officer	86,173
Fixed assets	418,124

The shareholders' equity accounts of The Ontario Transportation Development Corporation as at August 29, 1975 were as follows:

	\$
Capital stock	11,100,000
Contributed surplus	1,187,524
Deficit	(6,009,467)
	<hr/>
	6,278,057

3. COMMITMENTS

During the period, the corporation entered into or assumed responsibility for the following significant contracts:

	\$
Light rail vehicle program	
The corporation received an order for 200 streetcars and spares to be delivered by 1979 at a selling price in 1975 dollars of	(75,600,000)
	<hr/>
Purchase commitments relating thereto, principally on the design, development, production and testing of the first 10 units and the cost of certain components for the 200 units	37,360,000
	<hr/>
Intermediate capacity transit system	
Reimbursement by a shareholder, of actual costs incurred in the development of the ICTS program during 1975-76, to a maximum of	(6,100,000)
	<hr/>
To date, costs of \$2,863,186 have been reimbursed under this agreement as follows:	
	\$
To Ontario Transportation Development Corporation	1,187,524
To Urban Transportation Development Corporation	1,675,662
	<hr/>
	2,863,186

4. LEASE COMMITMENTS

The corporation has signed agreements to lease premises with an annual commitment of \$159,000 expiring within four years.

5. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

There are eight directors and four officers of the company. Two of the directors are also officers of the company. The aggregate remuneration of officers during the period was \$48,202. The aggregate remuneration of directors during the period amounted to \$8,600.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION

Auditors' Report to the Shareholders

We have examined the balance sheet of Urban Transportation Development Corporation as at December 31, 1975 and the statements of earnings and deficit and changes in financial position for the four months then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

As explained in note 1(d) to the financial statements, the corporation is deferring certain development costs relating to the small bus and intermediate capacity transit system programs. Realization of these amounts is contingent on the successful completion of development and marketing of the products involved. As well, the continuation of the intermediate capacity transit system program is contingent on obtaining significant additional financing. We are unable to form an opinion as to the likelihood of these events.

As explained in note 1(d), certain selling, general and administrative expenses are being deferred. In our opinion this practice is not in accordance with generally accepted accounting principles. Had these costs not been deferred, the deferred development costs as at December 31, 1975 would have amounted to \$3,925,098, the loss for the current period would have been increased by \$302,256 and the deficit increased by \$972,757.

Subject to the ultimate recoverability of deferred development costs and future financing of the intermediate capacity transit system, in our opinion, except for the deferral of selling, general and administrative expenses as set out in the preceding paragraph, these financial statements present fairly the financial position of the company as at December 31, 1975 and the results of its operations and the changes in its financial position for the four months then ended, in accordance with generally accepted accounting principles.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes to Financial Statements
for the year ended December 31, 1975

1. ACCOUNTING POLICIES

(a) Depreciation and amortization

Fixed assets

Moulds are being depreciated over the term of a related royalty agreement, or their useful life. Automotive vehicles and furniture and equipment are being depreciated by the declining balance method, at rates of 30% and 20% respectively.

Leasehold improvements are being amortized over the period of the lease agreement.

Demonstration models are being amortized over the estimated period of benefit.

(b) Deferred development costs

All significant expenditures which can be identified with specific projects, including allocated selling, general and administrative costs, were deferred. Because of operating losses incurred on the small bus program, only development expenditures and the related portion of selling, general and administrative costs were deferred.

(c) Contributed surplus

The shareholder has agreed to reimburse the corporation for development costs related to the ICTS program. The corporation deferred these development costs and has treated the reimbursement thereof as contributed surplus.

2. LICENCES

The rights under these licences were acquired as follows:

	\$
Krauss Maffei Licence	
(a) In exchange for the issue of 1,700,000 common shares of the corporation at \$3.00 per share	5,100,000
(b) Paid by OTDC to Licensor	500,000
Received from sub-licensee	(500,000)
(c) Sundry legal costs incurred in acquiring licence	22,023
	5,122,023
(d) Write-off Krauss Maffei licence	(5,122,023)
	—
Other—Cash payment	5,300
—Transferred to an associated corporation	(5,300)
	—

The rights under the Krauss Maffei Licence Agreement were originally obtained by the company from the Ministry of Transportation and Communications of the Province of Ontario in consideration for common shares at an aggregate value established by the directors of \$5,100,000. In addition, the company was to pay certain royalties to Krauss Maffei and receive royalties from a designated sub-licensee. The Ministry of Transportation and Communications entered concurrently into a contract with Krauss Maffei in connection with the construction of test facilities using the technology covered by the licence rights. In 1974, this contract was cancelled and the Licence Agreement amended. The company received at that time the right to use such technological information as was in its possession and royalty obligations of the company and the sub-licensee were terminated. As part of these arrangements, Krauss Maffei reimbursed the Ministry of Transportation and Communications for certain expenses incurred by it in an amount of \$9,200,000. In 1975 the company, Krauss Maffei and the Ministry of Transportation and Communications terminated arrangements with Krauss Maffei and any related claims and obligations among the parties were extinguished. The existing technological information in the possession of the company was returned to Krauss Maffei. In view of the foregoing, related licence costs of \$5,122,023 have been written off in the current year.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

3. CHANGE IN ACCOUNTING POLICY

As indicated in note 1, the corporation was deferring research and development costs whereas previously these expenditures were expensed as incurred. This change in accounting policy has been applied retroactively. As a result the loss before extraordinary items for the year ended December 31, 1975 has been reduced by the deferment of research and development expenditures which amounted to \$2,041,270.

The deficit as at December 31, 1974 previously reported as \$829,144 has been restated to show a retroactive reduction of \$430,404 representing the amount by which expenses in that year have been reduced by the retroactive deferment of research and development costs.

4. TRANSFER OF NET ASSETS

As at August 29, 1975 the corporation transferred its net assets to an associated company in exchange for 2,000,000 common shares of no par value of the associated company which were issued to Her Majesty in right of the Province of Ontario as represented by the Minister of Transportation and Communications. The assets and liabilities transferred are as follows:

	\$
Assets	
Current assets	5,924,411
Deferred production expenses	1,615,069
Mortgage due from an officer	86,173
Fixed assets	418,124

THE ONTARIO JUNIOR FARMER ESTABLISHMENT LOAN CORPORATION

Note to Financial Statements
March 31, 1976

1. ACCOUNTING POLICIES

(a) Fund for redemption of debentures

Commencing January, 1974, the Corporation has been making periodic deposits into this bank account of moneys which otherwise would have been applied as repayments of the capital advances from the Treasurer of Ontario. Funds from this account are being used to redeem a portion of the Corporation's debentures, and will be used to retire the balance of the Corporation's debentures on their maturity date, October 1, 1976.

(b) Sale of property

The provisions of the Corporation's mortgage indentures allow the Corporation, without taking title through foreclosure, to sell a farm property in certain circumstances for cash or credit. Upon sale the Corporation may take back a mortgage which differs in amount from the mortgage outstanding at the time of sale. The excess of the amount of any new mortgage over the amount of the original mortgage outstanding at the time of sale is accounted for as an unrealized gain. The gain remains unrealized until such time as the amount of the original mortgage debt is retired.

Mortgage principal payments received after the amount of the original mortgage has been retired constitute a realization of the gain, and are held in trust for the original owner or other claimant by the Corporation. Mortgage interest payments received after the amount of the original mortgage debt has been retired are similarly held in trust.

(c) Administration expenses

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of revenue and expenditure.

LIQUOR CONTROL BOARD OF ONTARIO

Notes to Financial Statements
March 31, 1976

1. NEW LEGISLATION

The Liquor Control Act, 1975 and The Liquor Licence Act, 1975 came into force on January 2, 1976. Prior thereto, all revenues and expenses of the Liquor Licence Board of Ontario were recorded by and included in the financial statements of the Liquor Control Board of Ontario.

Commencing January 1976, pursuant to the above legislation, revenues of the Liquor Licence Board are paid to the Treasurer of Ontario. Expenses of the Liquor Licence Board were paid out of the Consolidated Revenue Fund until April 1, 1976, and thereafter out of moneys appropriated therefor by the Legislature.

Accordingly, the accompanying statement of income does not include such revenue and expenses, amounting to \$3,046,439 and \$1,325,403 respectively, for the three months ended March 31, 1976.

2. FIXED ASSETS

It is the policy of the Board to carry each parcel of land and each building on its books at the nominal value of \$1.00. The total of furniture and equipment in current use and leasehold improvements is carried on the books at the nominal value of \$1.00. All asset costs in excess of these nominal values are written off in the year of acquisition.

The cost at year-end of fixed assets is as follows:

	1976 \$	1975 \$
Land.....	8,374,692	8,274,779
Buildings.....	42,341,458	39,699,242

Notes to Financial Statements
March 31, 1976

1. FIXED ASSETS AND DEPRECIATION

Fixed assets in service are stated at acquisition cost and consist of:

	1976		1975	
	Cost	Accumulated Depreciation	Cost	Accumulated Depreciation
	\$	\$	\$	\$
Furniture and fixtures	17,208	1,127	800	—
Technical equipment	2,860	136	—	—
Automotive vehicles	16,103	3,849	—	—
	36,171	5,112	800	—
	5,112		—	
	31,059		800	

Depreciation is provided for on the straight line method, generally using rates of 10 per cent per annum for furniture, fixtures and technical equipment and $33\frac{1}{3}$ per cent per annum for automotive vehicles.

2. COMPARATIVE FIGURES

Comparative figures for 1975 are for the period from inception on January 1, 1975 to March 31, 1975 and have been reclassified where necessary to conform with 1976 presentation.

3. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Authority is subject to controls on prices, profits, and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

4. SUBSEQUENT EVENT

The Authority received a grant of \$610,000 for the 1976-77 year from the Province of Ontario, pursuant to section 12 of The Algonquin Forestry Authority Act, 1974. Such amount was deposited by the Authority on May 11, 1976.

To the Board of Directors of the Algonquin Forestry Authority and
to the Minister of Natural Resources

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1976 and the statements of income and expense, deficit, and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Authority as at March 31, 1976 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

In accordance with section 18 of The Algonquin Forestry Authority Act, 1974, a report on the audit has been made to the Authority and to the Minister.

F. N. Scott, C.A.,
Provincial Auditor.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1975-76 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 contains the details of expenditure required by the Standing Committee on Public Accounts.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Employees who earned \$25,000 or more in the fiscal year are listed in alphabetical sequence. In addition, remuneration exceeding \$25,000 received by officials from two or more Ministries is contained in pages 213 to 215.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$2,500 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$10,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.
